

## GAI Declaration

I did use GAI in the preparation of this presentation.

- 
- Name and version of GenAI tool
  - Publisher (company that made the GenAI tool)
  - URL of the GenAI tool
  - Brief description of what the tool was used for, and how
- 

---

|                                                                                                                                                                                                            |                                                                                       |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| <b>General statement</b>                                                                                                                                                                                   | <b>I did use GenAI tools in the preparation of this work</b>                          |
| <b>In the rows below, provide the required information about any GenAI tools and how they were used. If you have declared that you did <u>not</u> use GenAI tools, no further information is required.</b> |                                                                                       |
| Grammarly.com<br>Available at:<br><a href="https://www.grammarly.com">https://www.grammarly.com</a>                                                                                                        | To check grammar and spelling of text on the poster, minor corrections were then made |

\* You may wish to revisit the university guidance on acceptable and unacceptable uses of GenAI that can be found here:
